Weather today

Today to start with, it wasn't so cold and it was sunny. But then it snowed for an hour and the temperature was between 0°C and 4°C.

Activities

We took the tram to the town centre and we visited the National Museum. We had a guide who told us about the history of Finland. After that we walked to a church and then we had lunch. In the afternoon, we had an hour and a half's free time. Most of us went shopping. After we took a coach to go to Turku to meet our penfriends. It was a very good day.

Meals

For breakfast, at the Youth hostel, we had cornflakes and also eggs, tomatoes, sausages, tea, coffee and orange juice. In Helsinki Music Centre, we had lunch. We ate vegetables, meat, salmon, rice and special bread. It was a buffet.

Unexpected

When we arrived at the Youth Hostel there were people outside celebrating Saint Patrick's day dressed as leprechauns. On the next day, we were surprised and happy that it snowed.
