

Wednesday 19/03/14

Weather today

Today it was cold like yesterday but it was sunny.

Activities

We visited our highschool and we attended some classes : computing, housework, cooking, mathematics, history.

In the afternoon, we participated to a rally along the Aura river in Turku in order to see the main sites of this city.

Then we visited a museum which showed the ruins of the mediaval Turku.

Meals

We had our breakfast at our penfriend's : bread, jam and thea.

We had lunch in the school's canteen and we had mashed potatoes with sausages.

Unexpected

The school canteen was quite amazing : there were no pudding and it is free for all students !

We ate lots of sweets during the rally since we were given candies every time we stopped.

Mrs Halbert was very happy when she saw the Fibonacci sequence on the top of the cheminey.
